

List of Students, Postdoctoral fellows and Young Visiting International Scholars

1. Post Doctoral Fellows and (VIS) Visiting International Scholars Supervised

- (a) VIS: Dr. Jiangtao Peng, May 2018 to April 2019, Research Project: On Some New Invariants in Zero Sum Theory, (published 3 joint papers and submitted 3 joint papers), Current Position: Associate Professor, Civil Aviation University of China, Tianjin, China.
- (b) Postdoctoral fellow: Dr.Chao Liu, Aug. 2018 to July 2019, Research Project: Product One Subsequences over Subgroups of a Finite Group (publish one joint paper), Current Position:
- (c) VIS: Dr. Xiangneng Zeng, July 14- Aug. 15, 2016. Research Project: Index on Minimal Zero-Sum Sequences of Length 5 (one joint paper in press),Current Position: Associate Professor, Zhongshan University, China,
- (d) VIS: Dr. Zhengxing Li, March 2015 to Sep. 2015, Research Project: Class-preserving and Coleman Automorphisms of Finite Groups ,(published three joint papers with me), Current Position: Associate Professor, Qingdao University, Qingdao Shandong China.
- (e) VIS: Dr. Jujian Zhuang, Feb. 2014 to Jan. 2015, Research Project: Long Zero Sum Sequences and n-Zero Sum Sequences over Finite Groups, (published two joint papers with me), Current Position: Associate Professor, Dalian, Maritime University, Dalian Liaoning China.
- (f) Postdoctoral fellow: Dr. Jiangtao Peng, Jan 23 to July 23, 2011, Research Project: Index of Zero Sum Sequences of Short Length, (published two joint papers with me), Current Position: Assistant Professor, Civil Aviation University of China, Tianjin, China.
- (g) Research Associate, Dr. Z. Balogh, Dec. 2006 to May 31, 2007, Research Project: Units in Modular Group Rings, (published one joint paper), Current Position: Associate Professor, College of Nyíregyháza, Hungary.

2. Graduate Students

- (a) Ph.D Students

- i. Shiao Hong Sept. 2017 to ongoing, (co-supervised with Dr. W. Gao, Nankai University, Tianjin, China), Research Project/Thesis, TBD.
 - ii. Chao Liu Sept. 2017 to July 2018, Current Position: Postdoctoral fellow, Brock University
 - iii. Honglin Zou,(co-supervised with Dr. J. Chen, Southeast University, Nanjing, Jiangsu, China), 2014 to 2017, Research Project/Thesis, Generalized Inverses in Matrix Theory.
 - iv. Hanbin Zhang,(co-supervised with Dr. W. Gao, Nankai University, Tianjin, China), 2014 to 2017, Research Project/Thesis, Short Zero Sum Sequences.
 - v. Pingping Zhao,(co-supervised with Dr. W. Gao, Nankai University, Tianjin, China), 2013 to 2016. (published one joint paper), Research Project/Thesis, Zero Sum Subsequences of Distinct Lengths, Current Position, Assistant Professor, University, Tianjin China.
 - vi. Yanyan Gao,(co-supervised with Dr. J. Chen at Southeast University, China), Completed Sep. 2013, Clean Group Rings,(published one joint paper), Current Position: Assistant Professor, Nanjing Institute of Technology.
- (b) Msc. Students
- i. Yucen Jin, Sept. 2018 to Aug. 2020. Current Position :
 - ii. Jiachao Wu, Sept. 2018 to Aug. 2020. Current Position :
 - iii. Maryam, Molakarimi, May 2016 to April 2018. Current Position:
 - iv. Vanessa Hamilton, Sep. 2014 to Aug. 2016, Recipient of NSERC Graduate Scholarship, OGS and Dean of Graduate Scholarship, Master of Education at Cardiff Metropolitan University (Sep. 2016 – Aug. 2017). Current Position, Instructor, Niagara College.
 - v. Hongdi Huang, Completed Aug. 2015,(published four joint papers) Current Position, Ph.D Student, University of Waterloo, Started Sep. 2015.
 - vi. Farid Aliniaefard Completed Aug. 2013,(published four joint papers), Ph.D Student, York University, (Sep. 2013 – Aug. 2017), Assistant Professor, University of Colorado Boulder USA (Sept. 2017– Aug. 2019), Current Position: Postdoctoral fellow, University of British Columbia, Canada
 - vii. Vivian Apety, Completed Aug. 2013, Current Position: Ph.D student, University of Saskatchewan Started Sep. 2014-.
 - viii. Xiaoyin(Kelly) Pan, Completed, Aug. 2011, (published one joint paper), Current Position: Actuarial Analyst, Sun Life Financial in Waterloo.

- ix. Christopher Plyley, Completed Aug. 2009, (published two joint papers), Current Position, Associative Professor (Tenure Track) University of the Virgin Islands, Virgin Islands, U. S. Starting, Sep. 2015.

Note: Chris is the first graduate student in the Thesis Stream in the department of Mathematics and Statistics at Brock University and he completed his Ph.D at the Western University in 2013. After that he conducted a postdoctoral research and an instructor work at the Western University before he took the tenure track position.

- x. Yilan Tan, Completed Aug. 2009, (published three joint papers), Current Position, Associate Professor Jiangsu University, China.

Note: Yilan completed his Ph. D at the University of Alberta, in 2014 and then worked as a Visiting Assistant Professor at University of California at Riverside for three years before he took the permanent professor position.

3. Undergraduate Research Students

- (a) (4F90, Honor Project), Tyler Nelson, Sept. 2014 to April 2015, Research Project: Representation of Groups and Character Theory, Current Position, Master's Student, University of Waterloo.
- (b) (4F90, Honor Project), Vanessa Hamilton, Sep. 2013 to Aug. 2014, Research Project: Algebra Codes Generated by Matrix and Group Ring.
- (c) (4F90, Honor Project), Jesse Larone, Sept. 2001 to April 2012, Research Project: Constructing a large Subgroup of the Group of Central Units in A Group Ring,
- (d) (4F90, Honor Project), Jesse Ireland, Sept. 2001 to April 2012, Research Project: Group Character Theory and its Application in Zero Sum Theory.
- (e) (4F90, Honor Project), Tyson Moss, Jan 2011 to April 2011, Research Project: investigate Small Squaring Properties of Groups with GAP, Current Position, Carpenter High School, Meadow Lake, Saskatchewan.
- (f) (4F90, Honor Project), Bryan Penfound, July to Dec., 2007, Research Project: Character Theory and Its Applications.
- (g) Jason Lizotte, (Research Student: recipient of Brock Work Experience Plus Program Research Award), January 2007 to April 2007. Research Project: Computing Class-preserving Automorphisms of Metabelian Groups with GAP.
- (h) Colin Phipps (Recipient of Brock Undergraduate Student Research Award), Sep. 2005 - April, 2006. Research Project: Using GAP to Analyze Small Reversible Rings (published a joint paper with me).

- (i) (4F90, Honor Project), Kaisheng Tang, Sep. 2004 to April, 2005, Research Project: Metabelian groups and their automorphism groups.
- (j) Amy Mcneely, (Recipient of Brock Undergraduate Student Research Award), Sep. 2003 to April, 2004, Research Project: Computing group automorphisms with GAP.
- (k) Congfeng Lin, (Recipient of Brock Undergraduate Student Research Award), January, 2003 to April, 2003. Research Project: Computing Units in Group Rings with GAP.
